Dear Mr. Robson,

I want to thank you for the wonderful job your company did filling in the concrete pool and Jacuzzi in my backyard. I was shocked to see that the concrete was re-enforced and a foot thick throughout, but that certainly was no problem for your crew. They acted professionally, and the job was completed on time, on budget, and with a minimum of inconvenience. As well, the job site was left as neat and safe as possible during the few days it took to complete, and in the spotless shape afterward with the power washing of the driveway, and walkway.

Thank you again, and should anyone wish to call me as a reference, they are welcome to at 604-563-4958.

Sincerely,

Robert Rosenstock
